what?

how?

why?

The FP7 Projects ENVIMPACT and PROCEED want to:

- Integrate the environment-related scientific achievements of researchers from Central-Eastern Europe;
- Enrich the knowledge base of the European Research Area;
- Find innovative solutions for the lasting protection of our environment.

www.envimpact.eu & www.proceed-project.eu

How ENVIMPACT and PROCEED want to reach these goals

- Online Central-Eastern European Research & Development map for environmental research;
- Online audiovisual catalogue of research communication & exploitation tools;
- Intersectorial workshops at National level;
- Interactive training sessions for researchers;
- Online-assisted mentoring;
- Research Social Network.

www.proceed-project.eu & www.envimpact.eu

Why taking part in ENVIMPACT and PROCEED activities

- To network with Central-Eastern European researchers and broaden the opportunities for S&T collaboration;
- To use innovative communication tools to disseminate research results;
- To collect innovative research practices and results from Central-Eastern European researchers related to Air Pollution, Chemical Pollution and Environmental Technologies;
- To participate in trainings and workshops.
